

Holiday Homework - Friday 18th February 2022

We are officially half way through Year 2. We can't believe how quickly the weeks are flying by. Last week in school, we thought lots about Children's Mental Health and did lots of lovely activities across school to promote this. Therefore, your homework during half term is to do things that make you feel good. We know that being physical and getting lots of exercise makes us feel good as 'happy hormones' are released. Also, calming activities such as reading, drawing and making crafts are also 'mood lifters'. So below, we have suggested lots of different things you could do during the holidays to make each day a happy day!

If you love drawing, you could log in to Art Hub for kids and create some fabulous drawings.

If you love exercising, you could take a look at Cosmic Kids.

If you enjoy reading, choose a comfy space, get cosy with a blanket and snuggle up with your favourite book. You could also watch a story online or have a grown up read a story to you if they are too tricky to read yourself.

Do something kind for the grown ups in your house or your siblings. Nothing feels better than making other people smile.

Don't forget Monday 28th February is an INSET day and school will be closed to all pupils. If you would like the children to be doing some school work this day, they can always login to Mathletics, My Maths or Spelling Shed to get them ready to come back to school on Tuesday.

Have a lovely relaxing half term holiday and we look forward to seeing you all on Tuesday 29th February.

Your Year 2 teachers.
