

Homework

Children will receive homework on Friday which should be completed by Wednesday. Children will also be able to access Mathematics, My Maths, TTRS, LEXIA, Purple Mash and spelling shed to enable them to practise their basic skills regularly. If you need a new copy of your child's login details, please ask.

Children will receive a RWI book linked to sounds they are learning on Fridays. Please encourage children to read this several times throughout the week to develop their fluency. They will also bring another book of their choice home which will be changed once children have read it. Please comment in your child's reading diary so we can see how they are getting on at home.

Spellings will be sent home on Friday and tested the following Friday. These can also be practised on spelling shed.

If you are unable to access online activities, please get in touch and we will provide paper based materials where possible.

PE takes place on Tuesday and Friday.

Children **MUST** come to school dressed in appropriate P.E kit on these days. They will remain in their P.E kit all day. New P.E kit is available to buy from school. Please see the website for details of how to order.

Children are also expected to:

1. Practise their multiplication tables
2. Read regularly at home
3. Practise for their spelling bee
4. Bring a book bag on Monday and Fridays.
5. Use online apps at home if they have access.

Summer Term 2022

Working together, we succeed

Class Two
Mrs Smith and Mrs Carter

Information for children,
parents and carers

During this term we will be learning about:

English

Roald Dahl - The Twits.

Non-fiction report about Grace Darling.

Maths

Number and Place Value

Addition and Subtraction

Multiplication and Division

Fractions and properties of shape

Problem solving.

Science

Living things and their habitats.

Children will learn about why certain animals live in different habitats. We will spend lots of our Science lessons outdoors and at our Forest School.

ICT

Data and Information.

Gathering data to create charts and pictograms.

Using graphs and charts to answer questions.

Using branching databases to identify objects.

Using search engines effectively, E-safety.

PE

Athletics- Master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and coordination. Begin to apply these in a range of athletics activities.

Commando Joes—Team building through practical activities linked to the seaside.

PHSE

Keeping safe in different situations

- road safety
- Safety in the home including safe use of medicines
- Safety at the seaside.

Our topic this term is the Seaside

Geography and design technology will be taught through this topic. Other subjects will link to the theme wherever possible.

Geography

Locate seaside towns, name the 7 continents and 5 oceans, compare to other countries / continents learned so far. Naming geographical features linked to the seaside - coast, cliff, beach, pier etc.

Children will have the opportunity to retrieve and consolidate Geography skills learned during previously taught units.
