

PE and Sport Premium Action Plan 2023-2024

PE and Sports Coordinator: Emma Brown

At Crookhill Primary School, we value the contribution physical activity brings to both the physical and emotional wellbeing of our children and families. There is significant evidence to show the positive effects of sport and exercise on children's physical health, growth and development. Furthermore, sport also provides a healthy environment for young people to learn how to deal with competition and how to cope with both winning and losing.

All classes have 2 x 1-hour sessions of PE each week. Our PE curriculum plans have been reviewed and ensure skills progression across school. We are also involved in the Healthy Schools Award. A Forest School programme runs in school and promotes physical activity. One teacher is a fully trained Forest School Leader and another is completing training this year. We have held the Gold School Games Award several times since 2016. Being involved in physical activity and sport gives children opportunities to develop important characteristics and behaviour which are embodied in our school learning muscles.

Our Learning Muscles

<p style="text-align: center;">Concentrating Cleo</p> <p>Successful people learn to give their full attention to whatever they are doing. Allowing children to focus on things that interest them, whilst at the same time learning all of the content that is required, is a great way to secure engagement.</p>	<p>I don't get distracted I don't distract others I am focused on my work I get lost in the task I plan and do things in order I check what I am doing and improve things</p>
<p style="text-align: center;">Don't Give Up Derek</p> <p>Successful people need to push themselves. A great curriculum needs to push children and teach them about the need to push themselves. Of course, it is much easier to push yourself if you see the point to what you are doing. The curriculum needs a certain degree of danger and risk if children are to experience the real world. They need opportunities to fail in a safe environment and learn to have another go. Children need to complete open ended puzzles and activities so they get used to developing perseverance.</p>	<p>I work hard I practise lots I keep going (persevere) I try new strategies I ask for help I start again if I need to I know I can improve if I keep trying</p>
<p style="text-align: center;">Be Creative Bertie</p> <p>Successful people have ideas. They use their imagination and are prepared to be wrong. Children should understand that to be successful they need to try and think around the problem- don't expect the answer to just be obvious. They need to be encouraged to ask questions to deepen their learning and explain their thinking through words and/or diagrams.</p>	<p>I'm creative I let my brain go wild I think of new ideas and ways to do things I think of new questions I use my imagination</p>
<p style="text-align: center;">Have A Go Howard</p> <p>If children are willing to try new things, they may just find something they are good at. Even better than this, they may find something that they love doing. Most successful people love what they do. Often when you just have a go, you surprise yourself.</p>	<p>I have a growth mindset I don't worry if things go wrong I learn from my mistakes I am excited to try new things</p>
<p style="text-align: center;">Cooperative Kate and Kieron</p> <p>No one has experienced success by thinking about themselves. Successful people understand others. The curriculum needs to help children to realise that collaboration is what the real world is about. Children need to work in groups of all sizes and abilities with an opportunity to be both the teacher and learner. Speaking and listening skills will be developed to explain thinking and reasoning.</p>	<p>I listen to others I say when I don't understand I'm kind when I disagree with someone I explain things to help others I am tolerant</p>

NATIONAL CURRICULUM GUIDELINES FOR KS1:

- Children should master fundamental movement skills and be increasingly competent and confident and access a broad range of opportunities to extend their agility, balance and coordination, individually and with others. They should be able to engage in competitive (both against self and against others) and co-operative physical activities, in a range of increasingly challenging situations.
- Children should master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities.
- Children should have the opportunity to participate in team games, developing simple tactics for attacking and defending / perform dances using simple movement patterns.

NATIONAL CURRICULUM GUIDELINES FOR KS2:

- Continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. They should enjoy communicating, collaborating and competing with each other. They should develop an understanding of how to improve in different physical activities and sports and learn how to evaluate and recognise their own success.
- Pupils should be taught to: use running, jumping, throwing and catching in isolation and in combination, play competitive games, modified where appropriate [for example, badminton, basketball, cricket, football, hockey, netball, rounders and tennis], and apply basic principles suitable for attacking and defending, develop flexibility, strength, technique, control and balance [for example, through athletics and gymnastics], perform dances using a range of movement patterns, take part in outdoor and adventurous activity challenges both individually and within a team, compare their performances with previous ones and demonstrate improvement to achieve their personal best.

GOVERNMENT GUIDANCE FOR PE FUNDING:

- Develop or add to the PE, physical activity and sport activities that your school already offers
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- The profile of PE and sport is raised across the school as a tool for whole-school improvement
- Increased confidence, knowledge and skills of all staff in teaching PE and sport
- Provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively and embed physical activity across your school
- Hire qualified sports coaches to work with teachers to enhance or extend current opportunities
- Introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities
- Support and involve the least active children by providing targeted activities, and running or extending school sports and holiday clubs
- Partner with other schools to run sports activities and clubs
- Encourage pupils to take on leadership or volunteer roles that support sport and physical activity within the school
- Raise attainment in primary school swimming to meet requirements of the national curriculum before the end of key stage 2
- Embed physical activity into the school day through active travel to and from school, active playgrounds and active teaching

The use of PE and sport premium:

- develop or add to the PE, physical activity and sport that your school provides
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

The PE and sport premium must be used to secure improvements in the following 5 key indicators.

Engagement of all pupils in regular physical activity

- providing targeted activities or support to involve and encourage the least active children
- encouraging active play during break times and lunchtimes
- establishing, extending or funding attendance of school sport clubs and activities and holiday clubs, or broadening the variety offered
- adopting an active mile initiative
- raising attainment in primary school swimming to meet requirements of the national curriculum before the end of key stage 2. Every child should leave primary school able to swim

Profile of PE and sport is raised across the school as a tool for whole-school improvement, for example by:

- actively encourage pupils to take on leadership or volunteer roles that support the delivery of sport and physical activity within the school (such as 'sport leader' or peer-mentoring schemes)
- embedding physical activity into the school day through encouraging active travel to and from school, active break times and holding active lessons and teaching

Increased confidence, knowledge and skills of all staff in teaching PE and sport, for example by:

- providing staff with professional development, mentoring, appropriate training and resources to help them teach PE and sport more effectively to all pupils, and embed physical activity across your school
- hiring qualified sports coaches and PE specialists to work alongside teachers to enhance or extend current opportunities offered to pupils

Broader experience of a range of sports and activities offered to all pupils, for example by:

- introducing a new range of sports and physical activities (such as dance, yoga or fitness sessions) to encourage more pupils to take up sport and physical activities
- partnering with other schools to run sports and physical activities and clubs
- providing more and broadening the variety of extra-curricular activities after school in the 3 to 6pm window, delivered by the school or other local sports organisations

Created by:

Supported by:

Increased participation in competitive sport by:

- increasing and actively encouraging pupils' participation in the [School Games](#)
- organising, coordinating or entering more sport competitions or tournaments within the school or across the local area, including those run by sporting organisations
